U. S. ULTIMATUM BRINGS LIBERTY TO CAVALRYMEN

Twenty-Three Members of Pershing's Command Engaged by Carranzistas at Carrizal Now En Route from Chihuahua Penitentiary to Juarez

El Paso, Tex., June 28.—President Wilson's peremptory demand on General Carranza for the release of the American prisoners held in Chihuahua penitentiary today met with compliance.

Late this afternoon it was announced from the commandancia in Juarez that a message had been transmitted over the Mexican telegraph which stated that the twenty-three negroes of the Tenth cavalry captured at Carrizal, with Lem H. Spillsbury, Mormon scout, had been removed from prison.

The message added that the men, with their arms and accoutrements, and heavy guard, had been placed on a Mexican Central train bound for Juarez, where they are expected to arrive tomorrow morning.

The telegram containing this news was addressed to General George Bell, jr., commander of the El Paso base. It was signed by General Jacinto Trevino, commander of the Mexican military district of the northeast, whose headquarters are at Chihuahua City.

Mexican officials tonight were happy over the turn in events. They declared this would mean a lessening of the tension of the last few days. General Francisco Gonzales, Juarez commander, and Andreas Garcia, Mexican consul at El Paso, both declared themselves optimistic of the future.

New York, June 28.—Charles E. Hughes, Republican presidential nominee, announced tonight at the end of an interview with Theodore Roosevelt which lasted for more than two hours and a half that he and the former president were "in complete accord."

Mr. Hughes issued the following statement: "I was very much pleased with Colonel Roosevelt's letter of endorsement and he has expressed himself in a very kindly way with respect to my telegraph to the Progressive committee. I wanted to talk with Colonel Roosevelt fully with respect to issues of the campaign and asked him to dine with me so we might have that opportunity. He dined with me and we had a delightful interview. We talked over matters and were fully in accord. The meeting has been a very pleasing one."

Colonel Roosevelt said that Mr. Hughes stated he much desired the Colonel to aid in the campaign and it was agreed that in the fall Colonel Roosevelt should make two or three speeches for Mr. Hughes.

ACTOR FIGHTS FOR "DAMAGED GOODS"

Startling Film Play is Made Possible Only by Brave Efforts of Richard Bennett

"Damaged Goods" the remarkable drama which has now been put into motion pictures only saw the light of day after a desperate fight for its production.

Richard Bennett, the actor who now appears in the motion pictures, played a role of heroism in behalf of humanity when he set out to see the play produced.

Mr. Bennett chanced to overhear a conversation discussing a French play by a French dramatist. What Bennett heard led him to read the book. He became inspired with the moral mission and determined to put it on the stage.

It was a long heartbreaking fight that followed. He met obstacles at every step. Two theaters were promised, then refused, when the nature of the startling play was learned. A hotel turned him down. Actors and actresses deserted him. But patience triumphed. At last he got a theatre.

The world knows what happened then. The country was swept with a sensation. Men and women fought to get into the playhouse.

The veil of secrecy about the great disease scourge of the race was torn away and the truth was told openly, publicly, frankly for the first time.

Bennett not only won his fight but he won a big material success as well.

The production will be shown here at the Bijou Theatre, Wednesday, July 5. 941d w1

PROMPT APOLOGY IS DEMAND ON AUSTRIA

Note Sent by Washington Regarding Attack on Petrolite Describes Incident as "Deliberate Insult to U. S. Flag"

Washington, June 28.—The American rejoinder to Austria regarding the Austrian submarine attack on the American steamer Petrolite made public today by the state department describes the act as a "deliberate insult to the flag of the United States and an invasion of the rights of American citizens" and requests a prompt apology, punishment of the submarine commander and payment of indemnity.

In vigorous language the communication sent a week ago today made it clear that the United States believes the facts of the case entirely different from what the Austrian submarine commander reported them to be and that immediate amends are expected. The Austrian claim that the Petrolite's captain voluntarily gave up supplies taken from the steamer by the submarine commander is flatly contradicted as are the claims that warning shots were fired across the Petrolite's bow before she was shelled and that her appearance was such as to justify the submarine commander in mistaking her for a cruiser.

The attack on the Petrolite, a Standard Oil tanker, occurred in the Mediterranean December 5. A protest sent soon afterwards on preliminary reports from the tanker's captain and crew brought the Austrian communication to which the new American note replies.
